WOOL TARIFF AGREEMENT REACHED

Bill to Become Effective October 1 by Terms of Amendment

CONFLICT OVER FREE LIST

House Refuses to Accept Senate Meat and Cereals Provisions

WASHINGTON, Aug. 11.—Doffing their coats and for the first time in history invading the newspaper news to present, the conferees of the two houses of congress on the wool tariff and farmers free list bills, sat down today to compose their differences. Finally at 6:30 o'clock they effected a complete agreement on wool and began consideration of the free list bill. The conference began at 10 o'clock this morning. The wool bill, as agreed upon, will be reported to the senate tomorrow by Senator La Follette and to the house by Representative Underwood. These men will direct the course of the bill in those two bodies. The bill was so amended as to require that the proposed law shall take effect October 1 instead of January 1, as provided in the senate and house measures. The conferees hope to have the report adopted in both houses tomorrow. This president is expected to veto it.

The free list bill was under consideration about 15 minutes but the conflict between the representatives of the two houses was so pronounced that it was necessary to postpone action until tomorrow afternoon.

Raw Wool 25 Per Cent Ad Valorem.

After fixing 25 per cent ad valorem as the duty on raw wool and changing the wool classification so as to conform to the language of the house bill, the conferees soon reached an agreement on other matters of detail. The change of classification has the effect of fixing a flat duty on all wools while it reduces the rates on ordinary wools from 35 per cent as provided in the senate bill, and increases those of the house bill to 20 per cent, also increases the rates on carpet wools from 10 per cent as provided in the senate bill, to the 25 per cent fixed by the conferees.

In most respects the duties on the manufactures of wool were increased over the rates of the house bill and reduced below those of the senate bill, as to make them correspond with the raw wool rate; but in some instances they were made higher than those of either measure.

A rate of 25 per cent on noils and astes was agreed to, while a rate of 10 per cent was determined upon for combed wool and tops, including roving and roping, and of 25 per cent on yarns.

Compromise Classifications.

There was a compromise in the matter of classification on clothes dress goods, clothing, webbing, blankets and flannels. In the house bill these subjects were covered in five paragraphs, whereas in the senate bill all were embraced in one paragraph. As the subject will be covered in a conference report, blankets and flannels will be treated in one paragraph with a rate of 30 per cent, the rate rate, while the other articles are made dutiable at the rate of 40 per cent, which is an increase over the rate of from 4 to 11 per cent in a reduction from the senate rate of 6 per cent. This paragraph will cover clothes, knit fabrics, unweaved, women's shawls, webbing, hangings, fringes, laces and embroideries.

A similar compromise was effected on carpets, resulting in the fixing of three classes instead of one as in the senate bill, and nine classes in the house bill. One of today's compromise, includes Auberson, Axminster, moquette, jennile, Saxony, Wilton, Tournay, velvet carpets and oriental, berber and millar rugs, and the rate is fixed at 10 per cent, which is 15 per cent higher than the senate rate and 10 per cent

WANTS TO BUY A TONGUE

Missouri Girl Loses Part of Hers in Auto Accident—Only Hope Is Grafting

KANSAS CITY, Mo., Aug. 11.—A girl willing to part with about an inch of her tongue can strike a bargain with the parents of Miss Inez Long of Independence, Mo., who yesterday lost a part of her tongue in an automobile accident.

Miss Long yesterday started from her home, with an uncle and aunt, intending to motor to Kansas City. Her car, a 1910, was struck by a car driven by a man named Long, who was driving on the wrong side of the road. The car was thrown over a bridge and Miss Long was thrown out. She was found by a passerby and taken to a hospital. She is now in a critical condition and the only hope for her recovery is the grafting of a new piece of tongue.

ASSOCIATES OF WILEY ON STAND

SOLICITOR McCABE IN FOR CRITICISM

Assistant Chief, Bureau of Chemistry, Brands His Methods Arrogant

WASHINGTON, Aug. 11.—With Dr. Harvey W. Wiley present as an interested auditor, Dr. L. F. Kebley and Dr. W. D. Bigelow, assistants to Wiley in the bureau of chemistry, today gave important testimony to the house committee of inquiry regarding the charges against Dr. Wiley now pending before President Taft.

Dr. Bigelow, assistant chief of the bureau, began a full statement of the negotiations that resulted in the employment of Dr. H. H. Rusby, the New York drug expert, with an annual salary of \$1,600, to devote part of his time to the government's service. This is the contract declared to have been made by Dr. Wiley and his associates. The witness will continue when the committee reconvenes Monday.

Dr. Bigelow insisted that when he was summoned before the personnel board of the department of agriculture, and interrogated by Solicitor McCabe, he was given no intimation that there were charges against him or his associates, or that an illegal act had been done.

Calls McCabe Arrogant.

The testimony of Dr. Kebley, chief of the drug division of the bureau of chemistry, was punctuated with statements of the attitude of Solicitor McCabe towards the employees of the bureau of chemistry. Dr. Kebley testified that he had been called before Solicitor McCabe in the latter's private office and in the presence of a special government agent named Walsh and a stenographer had been put through a humiliating questioning as to what stock he owned in drug manufacturing companies.

Dr. Kebley told the committee stories of the calling down McCabe gave

scientists when they ventured to give information to United States attorneys. He declared that Mr. McCabe had charged him before the personnel board with things that he had not done and had refused to show him a letter which he was charged with having written and that the solicitor had put Dr. Kebley's stenographer through a grilling, which the committee proposes to investigate.

The incident of the special agent occurred July 1 of this year. Dr. Kebley was called before Solicitor McCabe and before the special agent forced to explain that he held a \$1,600 share of stock in a Philadelphia drug company given him by the company in part payment of salary. He said Secretary Wilson whom he told all about it four years ago had not considered it necessary for him to dispose of it.

Was Unpleasant About It.

"Solicitor McCabe was very unpleasant about it," said Dr. Kebley, feelingly. "I had been entirely honest about that share of stock. He made me go home, get the share and bring it down and show it to him."

Dr. Wiley and Dr. Bigelow were marked for resignation. Dr. Kebley for reduction in office and Dr. Rusby for discharge, as a result of the findings of the personnel board.

Dr. Bigelow testified today that an effort had been made to get Dr. Rusby, the best recognized expert on crude drugs, at the lowest possible annual compensation.

The only agreement with Dr. Rusby, he said, was that if the latter worked less than 80 days a year and his compensation of \$1,600 thus averaged more than \$20 a day, Dr. Rusby would take leave of absence long enough to bring the annual salary down to the \$20 a day basis. He was to do all the work of that character that the government had if it took more than 80 days in the year, his salary would be correspondingly less than \$20 a day average.

Dr. Bigelow said that there are many precedents for the Rusby appointment. The members of the referee board, 45 chemists of the department, and many scientists are thus employed on annual salaries to work part time.

EARTHSHOCKS IN WEST

SAN BERNARDINO, Aug. 11.—The most severe earthquake felt in this vicinity in years shook business buildings at 3:40 this afternoon with such severity that the occupants fled into the streets. The damage was trivial. A previous shock was felt at 10:20 a. m.

SAN JOSE, Cal., Aug. 11.—Lick observatory reports that at 4:08 and at 4:33 p. m. today a very slight movement of the seismograph at the observatory was noted.

LOS ANGELES, Aug. 11.—A slight earthquake shock was felt in this city at 3:40 p. m. today.

CUNNINGHAM LOSES FEW MORE MINING CLAIMS

OLYMPIA, Wash., Aug. 11.—Charles Cunningham, famous as the locator of the Cunningham Alaska coal claims, lost more mining claims today, when the Washington supreme court ruled against him in a case twice decided against him by the Idaho supreme court. Cunningham sought to establish interest in mining properties in Shoshone county, Idaho held by Albert G. Korns. They were once mining associates and Korns alleged Cunningham forfeited his interest, while Cunningham in tended the old contract was still in force.

"TAGGED" IN A WORTHY CAUSE!

GOMEZ WILLING TO RUN FOR PRESIDENT

Now Appears There Will Be Four Candidates in Mexico. Maderists Uneasy.

MEXICO CITY, Aug. 11.—Dr. Francisco Vasquez Gomez today announced his willingness to become a candidate for the presidency of the republic. To an Associated Press representative he said that should the 'anti-Reelectionists' nominate him he could not see his way clear to refuse.

At the same time however, he declared his relations with Francisco I. Madero were cordial and that he still was the candidate for vice president on the Madero ticket.

The old fight between church and state will be resumed in Mexico. Notwithstanding the separation effected by Benito Juarez almost half a century ago, the Catholic church, acting through the 'National Catholic party,' has formally issued a call for a convention to place in nomination a candidate for the presidency.

That the anti-Reelectionists will place Dr. Gomez in nomination appears probable in view of their formal break with Madero last night, because of Madero's refusal to annul the Constitutional Progressive party, which he caused to be created a few weeks ago, the anti-Reelectionists repudiated him and named Dr. Gomez as the head of their party.

Telegrams were sent immediately to the 457 anti-Reelectionist clubs throughout the republic and tonight it was claimed more than 300 had approved their action.

It seems certain there will be at least four candidates for the presidency. A month ago there was but one candidate in sight—Madero.

With the announcement of General Reyes that he would run there was noted a heavy fall in the Madero stock, and now since the split in his ranks and in view of the activity shown by the Catholic party there is great uneasiness among Madero's followers.

The first convention called is that of the anti-Reelectionists, on the following day, August 16, the Catholics are summoned to make their choice and on August 27, the Progressives—Madero's party—will convene.

POPE PIUS IS RESTLESS

ROME, Aug. 12.—3 a. m.—Pope Pius X. had a rather restless night and toward midnight awoke as a result of a renewal of the burning sensation in his affected knee. Treatment, however, relieved him and at this hour he is reported to be sleeping peacefully.

The physicians believed the Pope's restlessness was due to the heat and to over-exertion yesterday when he appeared much better.

The condition of the pope took a decided turn for the better yesterday afternoon. So well satisfied were the physicians that they predicted a recovery within 10 days. Following this encouraging declaration Cardinal Merry del Val the papal secretary of state decided to go to his villa at Montorio on Sunday for the rest of the summer.

COLD BATH FATAL

KANSAS CITY, Aug. 11.—A cold bath caused the death late today of James Fennell, former superintendent of Armour and company here. Early today Fennell was down town and he came overheated. Returning home he took a cold plunge and the shock killed him.

In Dilemma to Secure Quarters for Negroes at Denver Convention

DENVER, Aug. 11.—The committee in charge of the local arrangements of the second annual meeting of the Negro Education congress which opens tomorrow in the Auditorium, is in a serious dilemma as to whether to accept 2,000 and 2,500 delegates are expected, whereas accommodations have been obtained for not more than 600.

The big hotels have uniformly refused to receive the colored men as guests, and it looks as if hundreds of the visitors, many of them coming from the south and far west, will not be able to find a place to sleep. Such quarters as have been promised were procured mainly through the efforts of the local committee of 100 named by Governor Shafer.

According to J. W. Jackson and J. D. Harkness of the local committee, the Denver delegates who were to be housed last year to secure the convention for this year had secured assistance from the Denver Convention league that ample accommodations would be provided for the big colored gatherings.

An effort is still being made to obtain one of the big Denver hotels, and in addition to this plan, there must be provided a large temporary restaurant.

PETITION DIAZ TO RETURN

LUCERNE, Switzerland, Aug. 11.—General Porfirio Diaz former president of Mexico, who is stopping here, has received many cablegrams from opponents of Francisco I. Madero urging him to return to Mexico and restore order. One message from the Mexican society of New York informs the deposed executive that the society is getting up a huge petition begging him to intervene in the Mexican disorders. The society has reelected Diaz as president. General Diaz does not heed these communications and is looking for a villa with the object of remaining here until the end of the season. His health is excellent and he takes short excursions into the surrounding country.

Segregates 15,000 Acres of Land for Irrigation

DENVER, Aug. 11.—The state land board granted yesterday a temporary segregation of 15,000 acres of government land to the Fountain-Chico Irrigation company, which purposes to irrigate 50,000 acres near Pueblo. The company has already spent \$50,000 in making its preliminary surveys, and it is estimated that the project will cost \$1,500,000. Kurt Gruenwald, former engineer of the Great Western Sugar company, is the engineer of the Fountain-Chico company. Mrs. E. T. May, owner of a large ranch near Pueblo, and several Pittsburgh capitalists, are financing the enterprise.

UTAH TOWN GREETES FISHER

PROVO, Utah, Aug. 11.—Completing a two days inspection of the mammoth irrigation project in Strawberry valley, Secretary Walter L. Fisher, of the department of the interior, traveled through Panguitch valley today with F. H. Newell, director of the government reclamation service and General Passenger Agent F. A. Wadsworth of the Denver and Rio Grande railroad. The party spent last night at the west portal of the tunnel and at Indian Creek dam.

Tonight a banquet was tendered Secretary Fisher and the party by the Provo Chamber of Commerce and Governor Spry was present to extend an official greeting.

COLORADO SHOULD BE POULTRY STATE

Members National Association Praise Springs Region at Meeting Last Night

Advantages in Colorado for the raising of poultry are greater by far than they are in any other state in the union, declared Reese V. Hicks of Topeka, Kan., newly elected president of the American Poultry association, at the banquet given by the Pikes Peak Poultry association to the delegates from the recent Denver convention of the American Poultry association at the Broadmoor casino last night.

Nearly 100 poultrymen, representing the Pikes Peak and the American Poultry associations, were present and numerous addresses were made the principal ones being by Mr. Hicks, Secretary S. T. Campbell of the National association, Mayor Avery and Grant Curtis magazine editor. A. A. Peters, president of the Colorado branch of the American association and E. H. Richards of the Western Poultry Journal of Grand Rapids, Ia., made a few remarks.

Mayor Avery delivered the address of welcome, stating that he was exceedingly glad to welcome the poultrymen to Colorado Springs for numerous reasons, the principal one being that poultry associations were growing organizations and that Colorado was endeavoring to become a poultry state. He also stated that he would be glad to have the next convention of the American Poultry association meet in Colorado Springs.

Secretary Campbell, who hails from Mansfield O. declared that it was his hope to make a second Petaluma, Cal., and he came a second Petaluma, (Cal.) and he further said that in Colorado the delegates had been better entertained than they had ever been before in the 37 years of the existence of the organization.

"We have been entertained ten times better here," said Mr. Campbell, than we ever have been entertained anywhere else in the United States, and we have been holding conventions in all sections of the country for 37 years. I am proud to have been here, and I shall be only too glad to come again."

COUNTRYMEN GREET TOGO

NEW YORK, Aug. 11.—Greeted by scores of Japanese and hundreds of Americans who mingled their shouts of "Banzai" in an enthusiastic welcome, Admiral Count Togo returned here at 6 o'clock tonight from his tour of Washington, Baltimore and Philadelphia. The streets were lined with people and at the hotel an immense crowd gathered.

The visitor tonight spent his first Japanese evening since he left his native country in April. He was the guest of General Mifune at a dinner which was attended only by Japanese, the members of his staff and Dr. Takamine, a noted chemist of this city.

Every Japanese custom was minutely observed at the function, just before the dinner every member of the party taking a hot-bath and donning his white silk kimono.

DAMAGING GULF STORM

PENSACOLA, Fla., Aug. 11.—A terrific gulf storm swept this portion of the coast today, the wind reaching a velocity of 60 m. p. h. and up to a late hour tonight no sign of life had been seen. The storm damage was done to the number interests and small boats.

DISMISS CHIEF FROM POSITION

ARMSTRONG OUT FOR PUBLIC INTEREST

Fair, Reynolds, Burno and Brinkworth Want the Job Hints of "Frameup"

Chief of Police Armstrong will be dismissed from office, it is said by Mayor Avery.

The removal was expected by those who are in touch with affairs in the police department and who are confident that a letter to a prominent business man was a prelude to the mayor's decision to dismiss the chief. It is said that the mayor's decision was made because in his judgment the public interest demanded and will be better subserved thereby.

In his letter of resignation the mayor first provided that he would take effect at noon August 12. This was changed subsequently to the 10 o'clock hour on August 11.

Armstrong was given an opportunity to resign from the department and declined.

No one has been named to fill the vacancy that will be out at noon next Tuesday. Already this was claimed to know went a struggle. In his letter to the mayor, Countess and Himebaugh requested that Sergeant Springer now doing plain-clothes duty be appointed acting chief until he could decide upon someone to recommend for permanent appointment. The mayor ignored the recommendation and countered with a suggestion of his own. Captain Stark, assigned as a chief pending Armstrong's departure, was strong successor.

Himebaugh vs. Avery

It is known that Commissioner Himebaugh is strongly opposed to the removal of Chief Armstrong from the police department, even temporarily. He believes that the commissioner of public safety is entitled to place the men under him at his discretion. In this respect Mayor Avery takes the opposite view and already the lines are being laid for a sharp encounter. It is believed between these two commissioners Himebaugh proposes to secure legal advice and ascertain the extent of his power in dictating affairs in his department.

Chief Armstrong's removal as is now generally known, was because he accepted a diamond ring belonging to a prisoner under arrest. He said yesterday that he refused to resign because he felt that it would imply his guilt of wrong doing. He maintains that he has done nothing wrong and says he intends to ask for a public hearing of the charges made against him. "I have nothing to hide," he said, "and the more public the hearing the better I shall be pleased."

Might Be "Frameup"

Whether the removal of Chief Armstrong will be the opening wedge for further investigations of charges in the police department is a question that is being discussed in various circles.

It was hinted pretty strongly on the streets yesterday that Armstrong was the victim of a "frameup" but that

HEAT CAUSES ONE DEATH AND FIVE PROSTRATIONS

KANSAS CITY, Mo., Aug. 11.—With thunderstorms, predicted for tonight or tomorrow, the heat has been so oppressive that the excessive heat of the last three days. In general, throughout the territory, which has been so long, it was from one to three degrees cooler but the humidity was greater today than before. The temperature was 103 degrees in Kansas City, one person sunbathing and five being overcome.

At Montgomery, Mo., the heat expanded the rails of the Wabash rail way, but this was discovered in time to prevent accident.

Temperatures reported today. Montgomery, Mo., 100; Joplin, Mo., 100; Wichita, Kan., 100; Leavenworth, Kan., 102; Oklahoma City, 101; Muskogee, Okla., 99.

RIVERS IN GERMANY DRIED UP BY HEAT

BERLIN, Aug. 11.—The heated term which has continued for 11 days (breaking all German records) is unabated, throughout Germany and during the last few days the temperature has been higher than before. Deaths from sunstroke are reported from all sections.

A water famine threatens some districts. In the Elbe region the farmers have been forced to haul the water for miles. Fish are dying on the river beds there and in Westphalia. Navigation on the chief streams has been almost suspended owing to low water. The Rhine at Rudesheim is lower than it has been before since 1811. Passenger steamers on the Elbe have suspended service through the region above Dresden. Serious effects are apprehended on the clover, hay, potato and beet crops which are suffering greatly from a lack of moisture.

A number of cases of persons becoming insane because of the heat are reported. The picture galleries in the German museum at Nuremberg have been temporarily closed and the pictures stored in cooler rooms because of the heat and the danger of the pictures being damaged by the heat. The pictures on the side streets of Berlin registered 92 in the shade today.

TELLS INSIDE STORY OF PANIC

Head Trust Co. of America Blames Run on Bank to Statement

WAS GIVEN OUT BY PERKINS

Financial Trouble Not Involved With That of Moore and Schley

WASHINGTON, Aug. 11.—Oakleigh Thorne, president of the Trust Company of America, which became involved in the financial panic of 1907, today told the inside story of the panic, which has been linked with the Tennessee Coal and Iron company by the United States Steel corporation at that crisis, followed by George Perkins today as a witness before the house committee of inquiry into the affairs of the Steel corporation.

Mr. Thorne declared contrary to testimony given by Mr. Perkins and other witnesses that the Trust Company of America was not the chief source of trouble at the time it was necessary to save the brokerage firm of Moore and Schley. He surprised the committee with declarations that undue attention had been directed toward the company in that crisis and he denied his knowledge of the agreement entered into by Mr. Perkins, that the taking over of the Tennessee Coal and Iron company by the steel corporation, to save Moore and Schley from ruin was dependent upon the bankers of New York raising money to save the Trust Company of America and the Lincoln Trust company.

Run Followed Statement.

Mr. Thorne was examined relating to a public statement given to the press October 22, 1907, and attributed to Mr. Perkins in which it was said that the chief motive point in the panic was the Trust Company of America. He announced that immediately following this came a run on his bank and the run in one day took out \$13,000,000. For this he admitted he had consulted counsel as to the advisability of suing for damages persons he felt responsible for but that he was deterred by the necessity of seeking more money from the bankers of New York to prevent collapse of his institution. That his financial troubles were in any way involved in the difficulties of Moore and Schley at that time he denied.

Mr. Thorne said that before the panic of 1907 his company had assets of \$20,000,000. As far as Tennessee Coal and Iron stock was involved in collateral loan of his bank it was \$100,000 amounting to something over \$100,000. Mr. Thorne said that prior to the panic he had heard no criticism of the kind of business the Trust Company of America was doing.

He explained that on the night of October 22, Mr. Perkins and Mr. Davidson of the Trust Company of America called to look into its condition.

"They examined it thoroughly and found it in a good condition," Mr. Thorne said. "Mr. Perkins told me that on the run on the bank on October 23, 1907."

Paid Out \$13,500,000 in Day.

Mr. Thorne said that he and "we had seven paying windows open and were doing our best to get rid of the line. That day we paid out \$13,500,000."

"Did you call for help?"

"Yes, we had to get cash to save the situation that day. Mr. Thorne answered. I went to Mr. Morgan's office."

HONORS FOR GUNNERS

Navy Department Will Reward School Crews for Fine Work in Marksmanship

WASHINGTON, Aug. 11.—The navy department is endeavoring to encourage the spirit of keen competition for gunnery and engineering honors which now pervade the entire service as a result of the recent contests and will endeavor to reward the school crews as far as possible.

The officers of the battleship Michigan, who were responsible for making her the champion of the navy, will have a copy of President Taft's congratulatory letter to Captain Usher of the Michigan filed with their records.

For that purpose, Acting Secretary of the Navy Winthrop today asked Captain Usher to submit the names of nine officers commissioned, appointed or warranted, who aided in bringing about the splendid showing of the Michigan in the battle of efficiency contest. Mr. Winthrop also will board the Michigan off Provincetown, Mass., on Tuesday, to present the battle efficiency pennant and read the president's letter to the entire crew.

The acting secretary today sent a letter of commendation to the officers and men of the armored cruiser North Carolina for the intelligent and zealous training through which the ship for that ship the commendation of the navy.

The acting secretary will observe the torpedo maneuvers and report on practice Monday and Tuesday. The airplane exercises will be conducted with box kites.

PRODUCTION DECREASING ON MOST FERTILE LANDS

KANSAS CITY, Aug. 11.—When the most fertile land in the world produces as much less than that of poorer quality elsewhere, and this low yield shows a tendency toward steady decline, the situation becomes clear. We are talking the soil. That statement made by President James L. Hill of the Great Northern railway, tells briefly what the principal subject of discussion will be at the National Conservation congress to be held in Kansas City, September 25 to 28.

Conservation of the soil will be the main purpose of the meeting. In St. Paul last year the main subject was "Public Lands," the year previous it was "Forest Conservation." This time the meeting is being held in the heart of the agricultural country and "Saving the Soil" is to be the one important topic.

DEATH PENALTY FOR HARRIS

LA JENITA, Colo., Aug. 11.—"Guilty of murder in the first degree, with the penalty death by hanging" was the jury's verdict returned today in the case of Robert Harris, colored, charged with the killing of Chief of Police B. B. Craig and Night Marshal Jacob Kipper of Rocky Ford.

Harris collapsed upon hearing the verdict, which had appeared public prejudice and eliminated the possibility of such vengeance.

FORMAL KIDNAPING CHARGE AGAINST FOUR PERSONS

CHICAGO, Aug. 11.—Four of the 12 persons arrested last night following the return of Angelo Martone to his home, tonight were formally charged with kidnaping and extortion. The charges were made after a long statement to the police by Angelo Martone, father of the kidnaped boy, in which all the details of his negotiations with the kidnapers were given.

The four now facing charges are Joseph Nicolosi, Carmelo Nicolosi, his wife, Pauline, and Mrs. Bianca Gaudin, mother-in-law of Joseph. Mrs. Laura Nicolosi, wife of Joseph, was discharged and the others are being held as witnesses.

CHERRY CREEK FLOODED; DOES DAMAGE TO DENVER

DENVER, Aug. 11.—Cherry creek is again on a rampage and late tonight, is taking the entire police department to prevent widespread damage. The Colorado boulevard bridge was washed away about 11 o'clock and at midnight the Larimer street structure was in peril. Heavy rains 25 miles upstream from Denver caused the trouble.

HOUSE HELPS HOMESTEADERS

WASHINGTON, Aug. 11.—By the terms of a bill passed in the house today, homesteaders in Oklahoma, Nebraska, Wisconsin and other western states whose crops have failed this year on account of drought are permitted to leave their claims until next April without forfeiting any rights.

SHIP OWNERS SERVE NOTICE TO UNIONS

LIVERPOOL, Aug. 11.—The crisis in the dockers' strike was reached today when the leading ship owners gave notice that unless a settlement was reached by Monday they would attempt to force a lockout in all of the industries of Liverpool. The ship owners complain that in spite of their recent agreement with the dockers, sectional strikes have taken place. They warned the union dockers that unless they would hold their men to the terms of the agreement a serious situation would arise.

In a letter to the lord mayor the ship owners explain that affairs have reached a stage where trade is impossible as the men have refused to accept their friendly overtures and return to work. The lord mayor has offered his services as a mediator.

Huge quantities of meat are tied up in refrigerators and the stock of coal is rapidly running out. The shortage of coal today necessitated the closing down of a number of factories.

Additional cavalry and infantry were brought into the city today, but there was less disturbance than on previous days. This was due to the strike committee having issued a manifesto earnestly appealing to the men to refrain from violence.

LIVERPOOL, Aug. 11.—The calm of the earlier evening was dissipated late tonight by serious rioting. A mob wrecked about 20 shops and looted them of boots and clothing.

Nearly 500 additional troops were applied in the city tonight met with a hostile reception.

CONVICT ESCAPES AS BROTHER SHOTS GUARD

Fugitive Inmate Iowa Prison Makes
Flight in Auto—Mob Pursues
in Similar Vehicles

ANAMOSA, Ia., Aug. 11.—A posse of 100 men, in automobiles, tonight pursued in the timber belt west of Marion, Ia., Charles Smith, a convict in the state penitentiary, and two unidentified companions, who today shot William Humaker, a prison guard, and then tied him to a tree.

The fleeing trio is said to be in an automobile and are said to be well supplied with firearms.

Humaker probably will die, say physicians who attended him. He was shot in the stomach. Lashed to the tree, he suffered for some time before his wounds finally succumbed.

By a ruse, friends of the convict were enabled to attack Humaker while he was more than a mile away from the prison, alone with Smith. Early today, while Smith was working in a stone quarry two miles from the prison walls, someone telephoned the warden's office and asked permission to see the convict. The request was granted, and Humaker was ordered to bring the prisoner to the warden's office.

Half way to the prison, Humaker was confronted by two armed men. Before the guard could draw a revolver he was shot down. Smith and his friends then tied the wounded man to a tree, leaped into a buggy and fled. At Viola, several hours later, the escaping men rented an automobile and hastened toward the wooded country. The posse had little trouble in picking up the trail.

CEDAR RAPIDS, Ia., Aug. 11.—Humaker this evening said that only one man assisted the prisoner to escape. This man was the prisoner's brother, an ex-convict, who recently visited the penitentiary. This man Humaker said, was waiting behind a big boulder. He commanded Humaker to throw up his hands. Seeing that Humaker was reaching for his gun, the desperado shot, but missed, and Humaker in turn fired but missed. Smith then shot a second time and Humaker fell.

The Smith brothers then dragged the guard down a 35-foot embankment and several feet into the woods, where they tied him to a tree and gagged him. They threatened to kill him if he made an outcry.

DELEGATE WICKERSHAM OF ALASKA NOT TO WITHDRAW

SEATTLE, Wash., Aug. 11.—Alaskan Delegate James Wickersham, who is in Seattle on his way to his home in Fairbanks, today denied the report telegraphed from Washington and St. Louis that he had announced that he would not be a candidate for reelection. He declared himself opposed to the Robinson-Woods coal land leasing bill now pending in congress, and said:

"Colonel Robinson and Clifford Pinchot are as radically wrong in their conception of Alaska as is the president and between the two interests Alaska is being crushed."

"The leasing bill proposed by the chairman of the house committee is worse than the senate bill defeated at the last session. Under its terms private enterprises cannot develop the coal fields, and I doubt whether even the powerful Guggenheim interests, with their railroad and steamship connections and a market for the coal, could open the mines."

"My bill proposes to give the government authority to fix the maximum price to be paid for coal mined in Alaska. That is all that is needed."

CHICAGO ARRANGING A "FIRE PREVENTION DAY"

CHICAGO, Aug. 11.—October 9, the anniversary of the great Chicago fire in 1871, is to be made "Fire prevention day." If plans of the Chicago Association of Commerce are carried out. A county-wide fire department with every citizen his or little, a fire fighter is the plan of the Chicago Association of Commerce and annual celebrations are to be held each October 9, with every citizen participating as a member of the east fire brigade.

The object of the campaign is to educate the people in the matter of preventing fires and thus reduce the annual loss.

WILL TRY TO PREVENT REMOVAL INDIAN BODIES

KANSAS CITY, Aug. 11.—Senator Gore of Oklahoma will take up with the United States Indian commission the matter of stopping the removal of the bodies of Wyandotte Indians from the Huron cemetery in Kansas City, Kan., according to a letter received today by J. Woods Merrill, bondsman for the Conley sisters, who were ousted from the cemetery last week by the federal court.

The Conley sisters are descendants of the Wyandottes. When the old Huron cemetery was ordered removed they built a shack on the ground and refused to move the burial ground of their ancestors. By order of the federal court the shack was torn down. The sisters are now engaged in erecting another.

NET AND POISON FUTILE AGAINST NEW MOSQUITO

CHICAGO, Aug. 11.—Illinois entomologists are investigating a theory that a new species of mosquito small enough to get through an ordinary screen and immune to the usual poisons set to trap them is developing in this country. Chicago is interested to a considerable extent by the new pest, it is said.

Experts believe that the new pest is a product of environment and that the ordinary mosquito is "growing itself smaller" to thwart efforts to starve it by the use of screens.

FIGHTING IN ECUADOR

GUAYAQUIL, Ecuador, Aug. 11.—There are persistent rumors in circulation here that a severe fight has taken place at Quito between soldiers who were attempting to proclaim Gen. Flavio Alfaro president of the republic and soldiers and citizens supporting Emilio Estrada, the president-elect. It is rumored that President Flavio Alfaro has taken refuge in the American legation at Quito.

Flavio Alfaro was defeated for the presidency in the elections last January by General Estrada.

PLEASURE TOURS IN AIR

PARIS, Aug. 11.—Touring in a dirigible balloon is just now becoming popular on the continent. It is the latest fad to engage places in advance of the date, also to organize parties for a flight in the dirigible observation car, which is luxuriously furnished and equipped with a good restaurant.

SUES VILLAGE BECAUSE OF UNPROTECTED BRIDGE

ROCHESTER, N. Y., Aug. 11.—Thomas J. Fogarty, the artist and magazine illustrator, has sued the village of South Bristol, near here, for \$7,000 because he and his wife were dumped into a ravine with their horse and wagon when the horse was frightened by an automobile while crossing a bridge. He alleges that the road was dangerous and the bridge unprotected by railings. Mr. and Mrs. Fogarty are said to be still confined to their beds from their injuries. The accident happened July 20.

CONVICTED BOOTLEGGERS ON MISSOURI ROAD GANG

LAMAR, Mo., Aug. 11.—About 40 bootleggers who have been confined in jail at the county's expense will have to pay for their keep by working on the public roads. This order was issued by the county court today and applied to all convicted bootleggers. As soon as the local option law was adopted here a large crop of illicit liquor dealers sprung up. It seems that the bootleggers do not mind a stay in jail so long as they are well fed and do not have to work, but the court believes that the new order will have immediate effect in materially diminishing the number of offenders.

BOY ASKS OPERATION TO PREVENT HIS STEALING

LOS ANGELES, Cal., Aug. 11.—John W. Glover, aged 19 years, is in the custody of the police today at his own request and is awaiting court action on his petition that he receive treatment to cure a hereditary tendency to steal. Glover, who was an elevator attendant, said his father had spent most of his life in prison and was now serving a term in the Charlestown, Mass., prison. The boy told the police that he has been guilty of many thefts recently and he pleaded for the attention of surgeons to prevent him from following in the footsteps of his father.

PLANS FOR MANY SUNDAY SCHOOL MEETINGS MADE

Officials of County Association Name Committees—Other Details

Plans for the meeting of the State Sunday School association in this city June 18, 19 and 20, 1912, for the "Association Day, August 27," and the "Sunday School Week," beginning September 16, the last in connection with the meeting of the county Sunday school association held at that time, were discussed at a meeting of the officials and superintendents of the county association at the Y. M. C. A. building last night.

Committees in connection with the county meeting were named as follows: Parade committee, W. W. Williamson, H. S. Fairchild, A. N. Melton. Conference program committee, J. C. Schneider, Mrs. Fred Horn, Berri McKowan, Mrs. S. H. Grimes, Miss Blanche Edgar, J. A. Van Eaton, R. V. Frenzel, H. K. Wing, Mrs. J. G. Klopper. Visiting delegates' entertainment committee, F. V. Frenzel, Miss Blanche Edgar, Mrs. S. H. Grimes, Berri McKowan.

It was announced at the meeting last night that several days during the state convention here next June would be devoted to sightseeing trips, the idea being that the delegates should be allowed time to take in the beauties of the Pikes Peak region, as well as attending to the more serious duties of the gathering.

Big Day August 27.

On "Association Day," August 27, the work and plans of the state and county associations will be discussed and laid before the different Sunday schools, and the collections that day will be for special purposes in connection with the work of the different schools.

The program of the "Sunday School Week," beginning September 16, was discussed and it was determined to make that period a red letter event in the history of the schools represented.

President F. E. Kohler of the county association announced that Secretary Henderson of the Chamber of Commerce had told him that there were no conflicts of dates with the convention here in 1912.

September 24 has already been set aside as the big "Rally Sunday," for the week, and the big parade will come on the day previous. Delegates and their teams will be taken care of by those in the city connected with the work, in order that the country delegates may feel absolutely free to come to the meetings.

Many of the officers and superintendents of the county association will attend the big meeting at the Union Hill district school, August 20.

THANKSGIVING DAY NOV. 30

WASHINGTON, Aug. 11.—President Taft has received a watermelon weighing 194 pounds from Texas. When he learned that someone had been kind enough to send him a watermelon all the way from Texas, the president promptly dictated a letter to the sender saying he was very much pleased and would wish every bit of it. The president learned later that the watermelon weighed 194 pounds.

Deaths and Funerals

Funeral services of Mrs. Anna J. Davis, aged 55 years, of 1724 Washington avenue who died yesterday morning after an eight months' illness from sciatica and inflammatory rheumatism, were held at the undertaking rooms of Fleming and Patterson yesterday afternoon. The body was taken to Cedar Rapids, Ia., by her husband, W. F. Davis, last night, for interment.

The body of Miss Pearl Taylor, who died at a local hospital yesterday morning, was taken to Chanute, Kan., by her father last night.

The funeral services of Irving William Bush, aged 5 months 23 days, who died Thursday afternoon, will be held from the home of his parents, Mr. and Mrs. I. P. Bush, 1 West Los Aninos street, this noon. Interment in Evergreen cemetery.

Second-Class Carpets 40 Per Cent.

On the second class of carpets the rate was made 40 per cent. It includes Brussels carpets and velvet and tapestries velvet carpets. The rate in the house bill was 30 to 35 per cent and 25 per cent in the senate bill.

The third class rate of 30 per cent is made to cover the tapestry Brussels, treble ingrain, druggets and carpetings not otherwise provided for. These are the cheaper carpets, and the house bill fixed a rate of from 25 to 30 per cent on them, while the senate rate was 35 per cent.

The free list bill was laid before the conference. Mr. Underwood announced the absolute refusal of the house to accept the senate amendments confining the free admission of meats and cereals to those coming from countries with which the United States has reciprocal trade agreements, which would confine the free importation of those articles to imports from Canada. He stated also that the house would insist upon adding lemons to the free list.

"I will never sign a conference report on those lines," said Senator Bailey, almost before the chairman of the house conferees had had opportunity to complete his outline of the house position.

With this decided difference of opinion, Mr. Underwood made an effort to obtain the consent of all parties to report a disagreement.

Mr. Bailey was again obdurate. "I am frank enough to say," he said, "that I am never going to agree to a disagreement, unless I am sure that we can sustain ourselves in the senate."

DISMISS CHIEF

(Continued From Page One.)

The net had been spread for someone else. The latter, it is claimed, was tipped off and Armstrong committed the error of accepting the diamond ring. A public hearing, such as has been suggested, may, it is pointed out, clear up some of the rumors that are doing the rounds that the diamond ring episode which caused his dismissal was intended to get another into the same untenable position.

Suggested Successors.

Already there are four names before Commissioner Himebaugh for consideration in the matter of appointment to the office of chief of police. They are Thomas Fair, formerly police captain; Stanley Burne, a deputy in the sheriff's office; W. S. Reynolds, former chief of police; and E. G. Brinkworth, manager of the Seeling Colorado Automobile company. Commissioner Himebaugh has made no promises to any in the list and will take no action until after Tuesday next.

The letters exchanged between Commissioner Himebaugh and Mayor Avery in connection with the removal of Chief Armstrong follow:

Himebaugh's Letter.

Hon. H. F. Avery, Mayor, Colorado Springs, Colo.

Dear Sir: In the matter of Stephen Armstrong, chief of police, receiving and accepting, on or about July 15th, ult., a valuable diamond ring from a prisoner, then in custody and charge of the police department, I beg leave to make the following brief report:

Mr. Armstrong admits that he received the diamond ring and that it was the property of the prisoner at the time he was put under arrest, on or about July 17, 1911. His excuse or defense is that at the time he received the ring the prisoner had given his written order assigning and turning over this diamond ring and other property, also money, in the custody of the police department, to certain attorneys who were the regular employed attorneys of the prisoner. That he (Armstrong) thought, or did not think at that moment, he was committing any crime.

I can easily accept this in a personal department and regard and respect most carefully all prisoners and their property, as well as all their other rights. To overlook this matter, might lead to serious danger along these lines. Therefore, I feel it my official duty to request, and hereby request, that Chief of Police, Stephen Armstrong be removed from office, and that Sergeant Fred Springer be appointed acting chief of police until such time as I shall be able to recommend some suitable person for permanent appointment as chief of police of the city.

Respectfully submitted,
(Signed) J. A. HIMEBAUGH,
Commissioner of Public Safety.

The Mayor's letter removing the chief follows:

Avery's Letter.

August 11, 1911.
Stephen Armstrong, Chief of Police, City of Colorado Springs, Colo.

Dear Sir: You are hereby advised that acting upon the advice and recommendation of commissioner of public safety, J. A. Himebaugh, you are hereby removed and discharged from your official position as chief of police of the City of Colorado Springs, Colorado. Said removal is made because in my judgment the public interests demand and will be better subserved thereby. The termination of your office shall date from 12 o'clock noon the 15th day of August, 1911. You are instructed to turn the keys to your desk and your department together with all property in your charge and possession belonging to the city or any person or individual whatsoever, including all moneys or other things of value in your possession as chief of police of this city to Commissioner of Public Safety Himebaugh, who will receipt you therefor. You are further advised the auditor will be instructed to at once to check the books and accounts in your office and report his findings to the council. Your services as chief of police of this city will terminate at the date and hour above named.

Yours very truly,
H. F. AVERY,
Mayor.

COMPIE MAIN RESERVOIR

SLEKING, Colo., Aug. 11.—The main reservoir of the North Sterling Irrigation district was completed today. It is 3,077 feet wide with an inlet ditch 61 miles long and an outlet ditch 63 miles long. The ditch was begun in May, 1905.

CHARLES A. WHITE

Charles A. White, member of the Illinois state legislature, who has just retold his story of receiving money to vote for Senator Lorimer, before the senate Lorimer committee at Washington.

TELLS INSIDE

(Continued From Page One.)

fice and saw Mr. Morgan, Mr. Perkins, Mr. Stillman and Mr. Davidson. I told them I had to have money. So far as I know the examining committee had not made any report to Mr. Morgan. One million dollars, Mr. Thorne said, was loaned him by J. E. Morgan & Co., the First National bank and the National City bank. Mr. Thorne said that he had obtained \$1,500,000, that afternoon from the Hanover National bank, which tied the situation over until closing hours.

He explained how that afternoon Mr. Morgan had called the trust company presidents of New York to meet at the Union Trust company and he was called in. He met Messrs. Morgan, Stillman, Woodward, King and other bankers.

Tells of Big Loans.

The situation was discussed at length and an arrangement was made to loan him \$10,000,000 on \$20,000,000 of securities which a committee of the bankers were to select. The following morning he received \$6,000,000 of this loan and the remainder in various sums up to October 31.

He reviewed another loan of \$15,000,000 for \$30,000,000 of securities advanced by the bankers November 6, but paid to him in various amounts from time to time. He explained he never knew where the money actually came from, but that Mr. Morgan, Mr. Perkins and the others who were raising it had great difficulty in getting it.

Mr. Thorne also told how he began paying back the loans as rapidly as the trust company securities could be realized on.

At the present time, he said the trust company had assets of \$43,000,000. Mr. Littleton had put in the record a statement given to the press by Mr. Thorne of November 6, in which he alluded to his "utter amazement" that the chief force of the panic had been directed against the Trust Company of America, a run unprecedented in the history of American banking.

Mr. Littleton asked the witness if he had conferred during that time with Melville E. Stone, general manager of the Associated Press. He said he had.

"I had never known Mr. Stone until the time of the panic," Mr. Thorne said. "I met him then and went to see him. He insisted that the Trust Company of America was solid and that the examiners who looked into the condition of the company should make a report. It was my idea if the report showed the company solvent, we would be taken care of."

Wanted Morgan to Know.

"Were you endeavoring to have knowledge of your condition widespread?"

"My idea in talking to Mr. Stone was to urge the necessity of the examining committee making a report to Mr. Morgan. I knew if the truth of the situation got to Mr. Morgan, we would get help. When later he did get the truth we got the \$15,000,000."

Asked if he had received the commission from the Trust Company of America, that matter, Mr. Thorne said he had and produced it. It was read into the record written under date of November 18, 1901. In the letter Mr. Stone said:

"I have no doubt Mr. Perkins' statement on the night of October 22, distinctly emphasized the run on the Trust Company of America, if indeed it did not precipitate it. I do not mean by this that I think there was the slightest purpose on the part of Mr. Perkins to injure you or the Trust Company of America. But we felt that the statement was so injudicious that we did not send it out."

"Later, when I said to Mr. Perkins that I thought it was very hurtful, he justified it on the ground that the conditions were so strained that if public attention had not been centered on the Knickerbocker Trust and the Trust Company of America, every bank in New York would have been involved."

Had Confidence in Perkins.

"I think the whole thing was a mistake, a most unfortunate mistake, for which you had to pay a heavy penalty, but I do not for a moment imagine there was any malice in it."

"Is it your opinion, then," Representative Gardner asked, "that Mr. Perkins did nothing more than make a big blunder?"

"That is your way of expressing it," said Mr. Thorne. "I do not know Mr. Perkins wrote that statement. I think he gave it out."

"Then you acquit him of everything but stupidity?"

"Absolutely."

Mr. Thorne said he had confidence in Mr. Perkins because he knew he had Morgan's ear and it was Morgan's ear he wanted to reach.

The committee expects to take a recess until fall after tomorrow's session.

ALLEGED CAR WRECKER IS ARRESTED IN GREELEY

Fred Sampson, accused of having taken an automobile belonging to C. A. Monctave, a tourist, and wrecking it in Greeley last Monday night, was arrested yesterday in Greeley. He will be brought to Colorado Springs today for trial. Sampson was picked up in the northern part of the state upon description furnished the Greeley authorities by the police here.

Billy Grund and H. Posey, who are being held at headquarters for investigation in connection with the joy riding episode, have not yet been liberated. It is alleged that they were with Sampson and three girls when the automobile raced down Jones' hill and was wrecked against a telegraph pole.

Colorado City DEPARTMENT

CLEANING UP "THE AVENUE"

A gang of 12 prisoners made the trash and grass on Colorado avenue disappear at a rapid rate yesterday as the result of Street Commissioner Geiger's decision to put the streets in the proper condition. All trash was removed from the avenue and the grass and weeds along the irrigation ditch on the side were dug out. Two extra teams have been hired and with the large force of men, Geiger expects to have all of the streets and avenues in the city, many of which have a number of bad holes in them.

Pat James, one of the gang, tried to make his "get-away" yesterday morning, leaving the gang when he was not watched and going up the street. Had he not been "dry" and gone into a saloon to satisfy his thirst he would probably have been successful. As it was Geiger saw him, took him back and put him to work.

TAILOR ARRESTED

N. Letten, a local tailor, was arrested by Detective Payne yesterday morning upon a charge of threatening to do bodily harm to the complainant being made by Mrs. J. W. McClain before Justice Bryan.

Mrs. McClain alleged that Letten threatened to "split her son's head open with a meat cleaver" or at least the first time the opportunity presented itself. Thursday evening, it is alleged, Letten's son hit Mrs. McClain's young daughter with a rock. The girl's brother took up the case and stepped the Letten boy to the case and stepped the general fight followed and Payne was called to quiet affairs. Yesterday morning Mrs. McClain called him again telling him of Letten's threats. A warrant was sworn out a few moments later and Letten arrested.

MORTALITY EXPENSE TABLE TO BE USED BY U. B. OF A.

DENVER, Aug. 11.—After two days of discussion the national convention of the United Brotherhood of America has voted to base the new scale of assessment rates on the mortality expense table of the national fraternal congress. The new scale will go into effect September 1, according to the present plans although this date may yet be changed according to the decision of the convention. One is a death and old age protection policy, another is a term of protection policy up to the age of 65 years and the third is a policy up to 60 years.

"A Wonderful Park System," Says Mayor Shanks After Trip

"Colorado Springs' park system is simply wonderful," exclaimed Mayor Samuel L. Shanks of Indianapolis yesterday afternoon after he had been shown the various parks and the gardens of the Gods by D. V. Donaldson of the park commission.

"I have visited nearly every city of importance in America and I have never yet laid eyes on anything that could be favorably compared with your parks when it comes to natural beauty," Colorado Springs parks eclipse anything I ever saw in Denver or anywhere else."

Mayor Shanks had just alighted from the automobile in which he made the trip in front of the Alamo hotel, where he is stopping with a party of friends. His eyes shone brightly and his enthusiasm was indicative of the effect of the various beauty spots he had visited.

"I want to say," he continued, "that every opportunity I get I shall visit Colorado Springs. I did not believe it could be as beautiful as railroad literature claims it to be. But I find that the press agents have not been in the least extravagant. Yours is a wonderful park system, and your city as beautiful a city as I have ever visited."

Mayor Shanks was scheduled to pay a visit to the city hall during council session yesterday but owing to a pressing engagement could not be present. He thus missed getting a great bouquet that a local hostess had sent there for him. It adorned the center of the table around which the commissioners sat.

In the afternoon Commissioner A. J. Lawton of the department of public works and property called on the mayor and took him for a second trip over the city. In the party were Dr. W. H. Johnson, of the Indianapolis city council, Theodore Heyes, an Indianapolis publisher and Joseph Crusan of Mattoon, Ill., and their wives.

In the evening Mayor Shanks visited Broadmoor casino where he attended the banquet tendered visiting poultrymen. Today he will be the guest of honor at the Bonair picnic at Stratton park and will make an address. He will leave Sunday for Kansas City.

Bethel Hospital "Tag Day" Today

This is "tag day" and bright and early the workers will report at the headquarters, Dr. Rothrock's office, in the El Paso bank building, and receive final instructions as to the most approved methods of raising money for the new Bethel hospital.

All required information may be obtained from the president of the local board of managers of the hospital, Mrs. Wesley S. Morris, or her assistant, Mrs. A. D. Craigie, who will spend the day at Dr. Rothrock's office. Beginning at 12 o'clock, luncheon will be served to the workers at the First M. E. church.

Bethel hospital needs a laundry equipment, an elevator and other very necessary supplies, and if Colorado Springs citizens go down in their pockets liberally today and buy plants or take the purchase of these necessities, it will be possible. Everyone will be asked to buy at least one tag and if people respond as liberally as the need is urgent nothing more will be asked.

The following is a list of those who will sell the tags and their respective stations:

Woman's Memory for Date on Gold Piece Sends Man to Jail

A faculty for remembering dates on coins stood Mrs. Jitta Morlander in good stead yesterday and her ability in this connection resulted in the sending of George Walker to the county jail for 60 days on a charge of stealing \$5 from Mrs. Morlander's pocketbook.
 Walker subsequently confessed and pleaded guilty before Justice Dunnington. In that handful of change that Walker took was a \$2.50 gold piece. It had been in the family for years and she knew the year it was minted as well as the date that it had come into her possession. Detectives assigned to the case asked her whom she suspected of the theft and she knew but one name to give them—Walker. He was picked up the next day, searched and the gold piece found in his pocket.

Buffalo Jones at Manitou

Thousands of people flock to Manitou each night to witness the world's most famous moving pictures, "Roving Wild Animals in Africa." Buffalo Jones is there in person and lectures each night. No one should miss seeing and hearing of this, the crowning effort of American cowboy. Col. Roosevelt says it was "the greatest hunt ever made." Col. Jones will be there all the week including Sunday night.

"Lone Star" State Folks Picnic Today at Mansions Park

At least 2,000 Texans will run the town of Manitou today, Mayor Kirby of that place having given them permission to rule absolutely.

The big Texas picnic will take place at the Mansions hotel park and the program will consist of plenty of music, recitations and speeches. A feature of the day will be the appearance of Miss Catherine Potter of St. Joseph, Mo., who composed a song given at the Missouri picnic Thursday, which was received so well that she was requested to repeat it today. The mayors of the three communities of the Pikes Peak region, Mayor Avery of Colorado Springs, Mayor Hamble of Colorado City and Mayor Kirby of Manitou, have been asked to speak.

The fun starts at 3 o'clock this afternoon and will end with the dance to be given in the sun parlor of the hotel.

ENGLISH SCIENTISTS PRAISE FOSSIL BEDS

Plans that have been discussed extensively during the last few days will result in the near future, it is believed, in the formation of an association whose object will be the preservation and scientific examination of the wonderful fossil beds near Florissant.

Professor William Strieby, whose investigations have brought the great fossil beds to public attention, already has secured the backing of Philip H. Stewart, Leonard E. Curtis and other prominent Colorado Springs men and efforts will be made to secure the state authorities in the movement, as well as the Colorado Midland railway, whose line skirts the fossil beds.

That the Florissant beds are out of the ordinary is confirmed by Prof. John Jayne Farnsworth of London and three other scientists representing the British museum, who have come here for specimens to add to the museum's collection.

"It is the greatest fossil field in the world," Prof. Farnsworth declared yesterday. "There is only one other field in the same class and that is a small one in the Black forest, Germany. By all means it should be preserved and maintained for the benefit of the scientific world. The Florissant field has scarcely been scratched and untold marvels may be revealed by systematic excavation."

Beds Unappreciated.

"I fear the people of Colorado do not appreciate what these fossil beds mean to the state and nation. If they were thousands of miles away you people would be paying their money to visit them and wishing they were within the borders of the state. Beyond question the fields are the most remarkable in the way of fossil deposits in the world."

Within the next few weeks Prof. Strieby will continue his explorations and additional interesting discoveries are confidently expected. Any number of tree stumps rising from a foot to 12 feet above the surface and varying from 10 to 25 feet in diameter have been found. Prof. Strieby is of the opinion that perhaps a million years ago trees as large as any found in California flourished on this land now adjoining the town of Florissant.

"Equally interesting among our discoveries," said Prof. Strieby yesterday, "are the fossil remains of nine varieties of fish. Three of them, the bowfin, sucker and catfish, are common in the present day. I have found two perfect specimens of birds with the feathers in tracings as fine as pencil lines. They represent the first varieties of songsters known to science. We have found also the remains of a huge animal with a horn 11 feet long and eight inches in diameter at the base. I have a number of the animal's teeth and pieces of ribs and vertebrae."

Scientists who have visited the fossil fields of Florissant are enthusiastic over early discoveries and are confident that systematic excavation will reveal many wonders of prehistoric ages. The English scientists who have come here from London expressly to examine the beds at Florissant will make exhaustive reports of their investigations for scientific journals and societies.

FORMAL OPENING OF SPAULDING HOTEL GRILL TODAY

The Spaulding hotel and grill at 206 S. Tejon street opens today for business under a complete change of management. As a special attraction The Royal Hawaiian Serenaders direct from Honolulu have been engaged and will render native songs and all the latest popular songs and music during the hours of 12 m. to 2 p. m.; 5:30 p. m. to 7:30 p. m. and from 9 p. m. to 12 p. m.

The new management will endeavor to merit the patronage of the public with the best possible cuisine and service.

IRON PIPE COMPANY TO CHANGE LOCATION

The Colorado Ingot Iron Pipe and Culvert company has leased a tract of land in the Rio Grande yards, about a block south of the gas plant, and will erect there a steel factory building, with a complete equipment of modern machinery, and move the old plant, which has been operating in the old electric light plant at Manitou, to the new location.

The company is capitalized at \$50,000 and W. W. Lennen of Manitou is president. The other stockholders are Manitou and Colorado Springs men. The plant is a branch of the American Rolling Mills company of Middletown, O., and gets its iron and other pipe material from that plant in sheets. It will be made into the proper shapes in this city.

UNKNOWN MAN KILLED BY TRAIN NEAR HERE

An unknown man was killed by a Santa Fe train yesterday morning shortly after 10 o'clock half a mile below the station of Wildcat, about eight miles south of Colorado Springs. Coroner Jackson brought the body to the morgue and it will be held for several days pending inquiries that may lead to identification. The man was about 45 years old, of medium stature and apparently an Italian. It is supposed that he was walking to Pueblo in the hope of finding employment. There was nothing in his pockets but a few cards from the Paloma, a Denver lodging house at 1216 Arapahoe street. The victim of the accident wore a new, high-crowned Stetson, purchased in Oklahoma.

TOURIST TRAFFIC BREAKING RECORDS

If passenger traffic over the various railroads entering Colorado Springs keeps up in volume until the end of August as it has been, the month will go down in local railroad annals as a record breaker. So far tourist traffic has been the heaviest of any period of 11 days and the outlook is, say local railroad men, that it will keep up so far the balance of the summer.

Trains coming in over the Rio Grande, the Midland, the Santa Fe, the Colorado Southern and the Rock Island are literally packed. This is especially true of trains from the east especially from the "whole territory" is filled as never before," said Agent R. S. Torrington of the Rock Island yesterday, and Colorado Springs is holding its share, too. So far passenger traffic to the Pikes Peak region has been a record breaker.

Agent Drew of the Midland is heartily in accord with Agent Torrington as are Agents C. C. Hoyt of the Santa Fe, W. H. Hundey of the Rio Grande, and G. H. Logan of the Colorado and Southern. All hold out prospects of the biggest tourist season Colorado Springs has ever known.

Labor Leaders Will Consider Initiation of Laws While Here

The annual convention of the State Federation of Labor, which meets here Monday, will take action to initiate a number of laws, according to President John McLaughlin. One of these laws will urge placing all private detectives under the supervision and direction of the cities wherein they operate. Private detectives have become too prominent in their dealings, in the opinion of the labor men of the state, and they want all detectives, licensed by the mayor and city councils of the various cities of the state. At present the private detective agencies are licensed by the secretary of state.

An eight-hour law, to apply to all classes of labor, is proposed. Such a law is now applicable to miners, but the delegates are said to be in favor of a law to apply to women as well as all laboring men.

The report of president McLaughlin will deal with the injunction question and the impeachment proceedings against Judge Whitford brought by the State Federation of Labor.

The convention will take up the recall of the judges, said McLaughlin today. "And I think they will go on record strongly for the adoption of this piece of legislation."

START CAMPAIGN AGAINST BOOTLEGGING IN OKLAHOMA

OKLAHOMA CITY, Okla., Aug. 11.—Following an admission by Chief of Police William Tilgham that it is impossible to put bootleggers out of business in Oklahoma City without a big increase in the city police force, Governor Cline stated today he would appoint 500 special state deputy enforcement officers to assist in the work.

CEASE PUMPING IN CYCLE AND VINDICATOR MINES

As a means of determining what effect the Roosevelt deep drainage tunnel has on the Golden Cycle and Vindicator mines in Cripple Creek, the companies have stopped pumping operations temporarily. Since this plan was adopted a few days ago the water has risen about 50 feet in both shafts. Engineers are of the opinion that the

water will not rise more than 100 feet from the bottom of the Vindicator shaft nor above the 1,200-foot level in the Golden Cycle.

"We want to find out what effect the tunnel has on these two properties," said H. McGarry, general manager of the Golden Cycle, yesterday, "and the best way, it seems, is to stop pumping. Up to this time we have not been able to determine whether we have been affected by the tunnel drainage."

Both companies have large ore deposits blocked out, sufficient, it is said, to keep them in operation for the next

three years without the necessity of shafting from the end of that time. It is believed the tunnel will be advanced to a point where it can be determined what effect the bore will have on the above properties.

COLORADO'S ART POTTERY

Probably the point of interest most attractive to those of an artistic nature is the new pottery plant of the Van Briggie Pottery Company. This is where the world-famed Van Briggie Art Pottery is designed and made, and is easily reached by carriage, automobile or by street car. Van Briggie Pottery is modeled from the peculiarly adaptable clays which are found in the neighborhood of Colorado Springs, and Colorado's beautiful wild flowers form some of the chief decorations. Van Briggie Pottery is especially noted for an individuality of mat glaze which was discovered by Mr. Artus Van Briggie in 1898 and was immediately recognized by the master heads in ceramics. Tourists and visitors to the Pikes Peak region are invited to visit the Van Briggie Pottery, where they may learn how the crude, rough clay taken from the ground is moulded and colored into the uniquely artistic forms which characterize this product of the Centennial state. The display rooms at the Van Briggie Pottery are open from 8 a. m. to 5 p. m. Have your driver stop at the Van Briggie Pottery.

The Ruins of the Ancient Cliff Dwellers in Cliff Canon cover the remains of the homes of a race of people extinct for many centuries, containing altogether about one hundred rooms, showing a frontage of 175 feet, under an immense overhanging cliff. The ruins are one of the rarest collections of Cliff Dwellers' relics in existence. This collection includes mummies, skulls, pitchers, mugs, bowls, water jars, cooking vessels, stone and bone implements, pictured rocks bearing strange hieroglyphics, etc., etc. Indians live in the Indian Pueblo during the summer and are engaged in dances, pottery making, bead working, and other native crafts. The student is afforded an opportunity to study the pre-historic and historic Indian under conditions the same as they would find them in their native state. Have your photograph taken with the Indians. Reached by street car, carriage or automobile.

FIGHT CLUBS ARRANGING SOME ATTRACTIVE BOUTS

Promoters Look for Lively Season This Fall

By T. S. ANDREWS.
 MILWAUKEE, Aug. 11.—Boxing promoters of the big clubs throughout the country are now getting busy for fall and winter season and are planning ahead for matches which will attract the public eye.
 There are only three places where round contests can be held—New York, San Francisco and Los Angeles—but even with this limited number there are not a great many really first-class bouts in sight. The promoters are at the top of their classes are anxious to get as many "easy" bouts as possible, and for that reason like 10 or 15-round no-decision affairs.

EASTERN HANDICAP IS WON BY RIDLEY

MAHA, Aug. 11.—William Ridley, Aiding, Ind., man, today won the eastern handicap shoot, the main event of the interstate association tournament. The handicap event, consisting of 150 targets shot at, was won by Ridley with a score of 235, which was unchallenged yesterday. The trophy and \$250 added money. After the shooting this morning, after all of the 138 entrants had shot, it was shown that Ridley and J. Collins of Eagle Grove, Ia., were first place with a score of 235. Ridley broke all the targets and his missed two.

GARDNER QUALIFIES FOR CLOSING ROUND

CHICAGO, Aug. 11.—R. A. Gardner, national amateur golf champion, qualified for the final round in Glenview tournament today, defeating G. M. McConnell of Edgewater, N. J., 7 up and 6 to play. He will meet Charles Evans, former touring champion.
 Driving rain last night made course wet and slow. The first holes of the afternoon round were played, but Gardner took the 18th when McConnell missed a short approach shot and holed out in the 19th. Gardner's putt was good. He defeated Paul Hunter, 2 up and 1 down.

NEW WRESTLING RULES WILL GOVERN HACK-GOTCH MATCH

First Real Code Covering the Game Being Compiled for Championship Bout Which Takes Place Early Next Month in Chicago

Complete new rules will govern the world's champions wrestling match in Chicago September 4 between Frank Gotch and George Hackenschmidt. New rules are necessary because there is not a single set of rules in print today that completely covers a match of this importance. Hence one of the results of the great struggle, irrespective of its result, will be to give to the athletic world a code covering the catch-as-

GOTCH, THE CHAMPION.

catch style of wrestling that will be able and concise in every way. As soon as the new code is completed it will be submitted to Gotch in Iowa and Hackenschmidt in Chicago when he arrives. The stamp of their approval with a few possible minor changes will complete the rules.

It is expected they will, in the future, be the rules that will govern all contests of whatever importance. When Gotch and Hackenschmidt were being signed for this contest by the officials of the Empire Athletic Club one of the questions which came up naturally was over the rules. Gotch mentioned one set and Hackenschmidt mentioned another. Copies of each were obtained and it was discovered that neither set was worth the paper it was printed upon. Other sets of rules were consulted and gone into and the discovery made that none of them was worth anything, especially in a contest of this importance.

Each and every one of the codes, after mentioning a few minor and unimportant points, hurried along and left almost everything else to the judgment and discretion of the referee. Gotch, as champion of the world, expressed the greatest surprise that such a condition should obtain in such an ancient sport. The suggestion then was made that a new code be compiled and submitted to contestants, which, if satisfactory to each with such changes as might be suggested by the experience of both of the famous wrestlers, would govern the coming contest for the world's title. Both men consented to this at once and the work of compiling the code is now all but completed.

Especially unsatisfactory and uncertain are all of the rules on the question of foul holds. The strangle is mentioned in several of the sets, but is not even defined at all, the reader of the rules being expected to know what a strangle lock is. One set describes it as a choke hold with the forearm pressed across an opponent's throat, when, as a matter of fact, an even more deadly strangle lock may and frequently is obtained with what is known as "scissors on the head," which is a leg hold around an opponent's head and neck.

In the new set of rules that will ob-

tain in the coming match all of the limitations of rough work, etc., will be defined so that the spectators may know at once just how far the contestants will be permitted to go with such tactics.

Hackenschmidt sailed Wednesday on the steamship Olympic from Southampton, and will go to Chicago by the first train, adding Tom Jenkins to his retinue in New York city.

HACK, THE CHALLENGER.

Aviation Meet Today Draws Big Flock of Famous Bird-Men

CHICAGO, Aug. 11.—With more than a score of the world's foremost aviators entered, the international aviation meet, which promises to eclipse anything of its kind ever held in this country, will begin tomorrow with total prizes aggregating more than \$100,000. Grand prize where the contests will be held, has been transformed into an ideal aeronautic course and seats have been erected for more than 50,000 persons. All Chicago seemed to be congratulating about the field today, watching the tuning-up flights of the bird-men, who vied with each other in their practice evolutions.
 Popular subscription was resorted to for the funds to carry on the meet and an association was organized to conduct it, with Harold P. McCormick at its head. While the prizes are approximately \$100,000, it is estimated that the total cost of the meet will exceed \$225,000. Any profits that may be earned will be turned over to charity.
 For nine days, ending on August 20, event will follow event. Altitude flights, speed contests for monoplanes and biplanes, open events embracing both passenger-carrying events for

Baseball Pullman Is Seldom Injured in Wrecks

PHILADELPHIA, Aug. 11.—A baseball Pullman attached to a fast train was considered "good luck." Major league teams travel thousands of miles every season, and though the risk is great there is seldom a fatal accident. Players have had miraculous escapes from death in wrecks. The St. Louis Cardinals had the proverbial luck when they escaped injury in the wreck at Bridgeport recently. They occupied the two rear sleepers which were derailed, but which were the only two coaches that did not plunge to the street below.

According to newspaper correspondents with the St. Louis team it was "baseball luck" that saved the Cardinals from injury or death. Their two Pullmans were in the middle of the train leading Philadelphia, but after the train was derailed around Manhattan Island the baseball cars were attached to the rear of the regular sleepers. That saved the players from a fall to the street, which probably would have killed some of them and would surely have seriously injured some. Such a catastrophe would have abruptly terminated the great race being made by the Cardinals this season.

The St. Louis team was in the only other big baseball wreck that has occurred in the last 10 years. The Browns and the Cleveland team were traveling on a special train one night in 1903 when they were wrecked at a little town in Ohio. To get from Cleveland to St. Louis for a double-header the clubs arranged for a special train consisting of two sleepers and an empty baggage car.
 At 1 o'clock in the morning, while the train was running about 40 miles an hour, it was derailed. The engine remained upright, but the baggage car was crushed like an eggshell, and both sleepers were hurled into a ditch. The wreckage was an awe-inspiring sight, yet no one man of the 26 passengers was seriously injured.
 None of the Cleveland players was hurt in the least, but the railroad settling with each man for a small sum, and President Killebrew afterward took out a blanket insurance on the team, which was valued at \$100,000 in the policy. The St. Louis players got nothing. "Two Wreck" Sudhoff had his hand cut, and got such a fright that he never recovered his effectiveness as a pitcher. Sudhoff had just won eight straight games. After that, whenever the Browns were traveling, he could not sleep in a coach, and would sit up all night. The writer, who had two ribs splintered in this spill—the worst injury that befell any passenger on the train—has always believed that the shock rumbled Sudhoff as a pitcher.
 Another special was sent down from Toledo, and the teams resumed their journey at dawn. They could not sleep, and the nervous strain even affected their appetites. Arriving in St. Louis early the same afternoon, they played a game.

Fifteen or twenty years ago the Chicago National league team was wrecked one night, and Jimmy Ryan was thrown out of an upper berth, landing on top of a freight car on an adjoining track. The sleeper was "sloshed" by the freight train, and when part of the side and the roof was torn off, Ryan went with it. He was badly shaken up and did not return to the game for weeks.

Uhlen Steps the Half in :56 1-4 by Wonderful Burst of Speed

CLEVELAND, O., Aug. 11.—The Grand Circuit races on the North Randall track came to a close in a blaze of glory this afternoon when C. K. G. Billings great trotting gelding, Uhlan, stepped a half-mile to wagon in the open in :56 1-4.
 This broke the old record of one minute flat established by Major Delmar over the old Cleveland track here on July 31, 1906, by three and three-fourths seconds, and establishes a mark that probably will stand for a long time.
 Horsemen who witnessed the attempt are of the opinion that had Uhlan tried for the world's trotting record to a sulky, as it originally was announced he would do, he would have set up a new standard.

Mr. Billings drove Uhlan. The start was made from the half-mile pole so that the crowd, which witnessed the finish in front of the grandstand, "Doe" Tanner, the trainer of the gelding, drove a runner alongside. The first quarter was made in :28 1-2 and the second in :27 1-2.
 Argot Hall was a easy winner in the Tavern "steak" race for amateur reindeer, carrying a purse of approximately \$7,000. Frank Jones, the Memphis horseman, drove Argot Hall. He had an easy task of it, as his charge went to the front at the start of both heats and maintained that position without effort.
 Eandy Silver ran away in the third heat of the 2:20 trot and flashing through an open gate, threw both herself and her driver, Vance, Nicholas. Neither was seriously hurt. Results:
 The Tavern "steak," 2:16 class trotting, amateur drivers, purse about \$7,000, 2 in 3—Argot Hall, b. s., by Brown Hall, won in straight heats. Best time, 2:08 1-2. Electric Todd, b. s., second; Robert Milroy, b. g., third. Mattie Allerton, Ethel Lynn, Bolletodus and Morning Light started.
 Three-year-old class, trotting, sweepstakes, \$5,000 added, 2 in 3—Peter Thompson, b. c., by Peter the Great, won in straight heats. Best time, 2:09 1-2. Blinchoff, b. c., second; Lady Jay, b. l., third. Young Mac Staged.
 Trotting, 2:20 class, purse \$1,000, 3 in 5—Jack Promise won in straight heats. Best time, 2:10 1-2. Nansh second, Dr. Wilkes, third.
 Facing, 2:18 class, purse \$1,000, 3 in 5—Lawrence won second, third and fourth heats and race. Best time, 2:11 1-2. Gazant won first heat. Machine Audubon third.

ARRESTED WHEN HE ASKS FOR PACKAGE

CHICAGO, Aug. 11.—While C. K. G. Billings was driving his champion gelding Uhlan to a new world record for trotters at Cleveland today, his mother, Mrs. A. M. Billings, of Chicago, despite her 89 years, was making a little record of her own in capturing a would-be blackmailer.
 John Mills, a negro, and John Hendricks, a white man, about 27 years, were arrested. Yesterday Mrs. Billings received a letter demanding that \$500 be wrapped in a bundle of old clothes and given to a man who would call today and ask for work and for a package. Mrs. Billings promptly notified private detectives who called the police to their aid. The officers were secreted about the grounds of the Billings home when Mills appeared.
 "I want a job about the horses here," Mills said to the maid who answered the door.
 "We have no such work here," she replied.
 "Well, then, how about that package," Mills is said to have asked.
 Then the detectives were notified and Mills' arrest followed. He said Hendricks promised him \$50 to call at the house and get a package.

Butte, Mont., Aug. 11.—Luke Cates won the feature of a somewhat featureless day at today's races, he defeated such horses as Foreguard, Round and Round, Moley and Littleton, in handy fashion. The successful favorites were John H. Sheehan and Dock Allen, heavily played. The track was fast and the racing excellent.

Wanted
 A THREE-YEAR-OLD "TYPEWRITER"
 From the American Magazine.
 "The story of this youthful prodigy and others is told by H. Addington Bruce. Her name is Winifred Spackville Stoner, and she is the daughter of Surgeon James Buchanan Stoner of Surgeon James Buchanan Stoner of Savannah, Ga."

Wanted
 "When Winifred was old enough to speak," says the writer, it was then discovered to her mother's gratification, though not at all to her surprise—that she could herself recite the classical passages and verses repeated to her. Mrs. Stoner never began to teach her to spell and to read, in both of which she attained considerable proficiency before her third year. At the age of 3 she started to learn typewriting, and was soon fairly expert in the use of the machine, a fact to which Mrs. Stoner is inclined to attribute much of her rapid intellectual growth. For, says she:

"The typewriter is unquestionably a splendid help in training a child's mind. In writing on it the child not only learns how to operate a mechanical instrument, but also learns how to spell and memorize what is being written, and is stimulated to originate ideas."

MOVING PICTURES OF CRIPPLE CREEK TRIP SOON

Arrangements between the Short Line railroad and J. S. Dawley, manager of the Rex Film company, to take moving pictures of the Cripple Creek trip were recently completed and a special train will be run over the line early next week for this purpose. Mr. Dawley took the pictures of the Midland wilderness excursion Thursday and will take pictures of the trip over the Short Line, including a portion of the Cripple Creek district.

EMMANUEL PICNIC

The annual picnic of the Emmanuel Presbyterian Sunday school will be held in Stratton park today and all the members of the church and Sunday school, together with their friends, are invited to attend and bring well-filled baskets. A special car will leave the church, corner of Spruce and the Mesa road, at 10 a. m., and round trip tickets may be had for 10 cents, good going on the special and returning on any car.

A WONDERFUL SIGHT

Aside from the unequalled scenic grandeur of the trip, the Cripple Creek district itself is one of the world's famous show places.

AUTOMOBILE TRIPS TO ADVERTISE CITY PARKS

Partly as a means of advertising the unparalleled park system of this city, and partly to get both residents and visitors better acquainted with the roads to and from, and within, the parks, it has been proposed to hold a series of automobile runs, to be piloted, in each instance, by someone thoroughly acquainted with the particular trip to be made.

The park system of the city is scattered over such a wide area that few know all the routes to and from them. It is suggested, therefore, that on one day a man acquainted with Palmer park, for instance, pilot all those desirous to take that trip, that on another day a competent guide take the automobiles up to the canyons and so on.

Those who have taken trips to all these varied scenic spots included in the park system write in the statement that the park system as a whole cannot be duplicated in this country. For that reason they feel that the advertising to be derived from such automobile trips under competent leadership would be greater than could be obtained from any other advertising scheme. This would be particularly true during the tourist season.

Only the other day a resident of the region was asked if he knew the way to Palmer park. He replied that he had been there once, but that he had forgotten the road. Such trips as are proposed would enable both residents and visitors to acquire information about the park system and also to enjoy its scenic delights, and would enable them to boost more effectively than is at present the case.

RABBI MAZURE RESIGNS

Disension between the reformed and the orthodox members of the Beth-El congregation it is said has brought about the resignation of Rabbi M. M. Mazure, who is at present spending his vacation in Manitowish. The news was made public yesterday. His successor will probably be chosen about September 1.

P. N. Bennett of Laundon, N. D., was paralyzed, unable to move any part of his body except turning his head, was almost blind, had to be fed like a babe, medical doctors could give no aid whatever. Five weeks' treatment by Mrs. Trone restored him. He is a giant of strength and perfect health today. C. M. Orlean, Laundon, N. D., 64 years of age, had been paralyzed years, doctors in California, Dakota and elsewhere said it was an useless try to restore him as to put life into a stone, neighbors and friends were willing to bet up to \$10,000 that Mrs. Trone or anybody else could not help him so he could walk; a few weeks later he walked nine blocks. Mrs. Daxley, Northfield, Minn., suffered with asthma 23 years, spent hundreds of dollars with doctors and specialists to no avail; four weeks' treatment by Mrs. Trone, she says, cured her completely. Mrs. Hugh Murray, Owatonna, Minn.: "I suffered with rheumatism 17 years, had 10 treatments from Mrs. Trone a year ago and have had no rheumatism since." **MAJOR PATRICK J. HAMROCK
CHARGED WITH MANSLAUGHTER
MURDER, ARSON AND LARCENY**

**Charges Growing Out of Ludlow Disaster
Filed Before Court-Martial; Militia
Officer Pleads Not Guilty and
Trial Is Started at Once**

DENVER, May 13.—Lieutenants R. W. Benedict and S. J. Lamme of the Colorado National guard were the chief witnesses today at the trial of Major Patrick J. Hamrock before the general court martial at the state rifle range near Golden. Major Hamrock is being tried on charges of murder, manslaughter, arson and larceny, growing out of the battle between strikers and state troops at Ludlow on April 29 and the subsequent fire that destroyed the strikers' tent colony.

The two officers, who acted under orders of Major Hamrock on the day of the battle, swore:

ARMS, EVEN TO RELICS,

That three bombs were fired as a signal for assistance only after a number of bullets from strikers' rifles had struck near the military camp.

That Major Hamrock was not in the immediate vicinity of the tent colony.

Guns Dating Back to Revolutionary Days Surrendered in Strike Zone

was started by an explosion or an overturned lamp and not by the state troops.

That two women and 11 children, who were their lives in the colony, they suffered died of suffocation hours before the fire broke out.

The court, after hearing their testimony, adjourned until tomorrow.

Miners Not Represented.
Representatives of the United Mine Workers of America invited to produce witnesses at the hearing have made no announcement of their intentions.

Lieutenant S. J. Lammie, a physician of La Veta, Colo., who acted as aide to Major Hamrick during all of the battle, testified that he saw no suggestion Major Hamrick to surrender.

WIN S. CARROLL, a physician at La Veta, Colo., who acted as aide to Major Hamrick during all of the battle, testified that he saw no suggestion Major Hamrick to surrender.

"to leave even the tracks in the division of the tent colony in the camp house, where the soldiers were to the Colorado and Southern bridge and smoke 'em out'."

"Did you understand that order to

Colonel Linsgrefelter, a member of the court.

"Not at all," replied Lammie. "I convinced it to mean that he should advance with a heavy fire and dislodge the attackers."

He declared he heard Major Hamrock issue orders to the machine gun operators, telling them to direct their

fire at the pump house and the rifle pits at the rear of the tent colony. No orders, he said, were given to fire on the tents.

Charged With Murder of 13.

The arson, murder and manslaughter charges were brought under the fifty-one counts of the indictment.

One man huddled into a military car with a .38-caliber pistol which appeared dated back at least as far as the battle of Lexington. A professional man anxiously inquired of an army officer whether or not he must surrender a pair of brass "knucks."

As the guns were brought in so copiously accurate records were kept and receipts given to the owners.

WASHINGTON, May 13.—Senator Thomas of Colorado, Democratic, today announced to the senate that he felt himself bound by the platform support exemption of American co-wise vessels from Panama canal tax. He urged adoption of his resolution providing for the exemption from tax of the ships of all nations passing through the canal.

where here. In the streets, plazas, government offices, cafes and stores the speedy advance is the thing they talk of. A note of impatience runs through the conversation and inquiry often brings the statement that Mexico is tired of war, an expression of regret.

"The embargo will only prolong the struggle," said General Villa recently, and most Mexicans take that view, although regret, rather than resentment, is expressed when the action of the United States is discussed by cultured Constitutionalists.

The Villa army, however, is confident it will secure ammunition somewhere. In the past much ammunition has been taken from the federals, and the soldiers are confident they can repeat this performance. Others feel that the embargo will be lifted and an optimistic view is taken by all.

Every possible measure to insure suc-

cess at Saltillo and points further south is being taken. Ammunition is being concentrated here and at Monterrey, and the available food supplies are ample. The question of transporting the wounded has received special attention, and many vehicles have been remodeled for that purpose. Large stores of medical supplies have arrived, and the staff of physicians has been increased.

The horses are being given as much care as the men. Villa has learned that mounted infantry is his most serviceable arm, and as many men as possible are being given mounts. The greater mobility of such troops over the federal infantry is regarded as a most important factor in the campaign.

When the Villa troops are moved by rail only the number of horses to be transported is considered. As a rule, from 30 to 35 horses are carried in a car, and when they have been loaded, their riders scramble to the roof and the train pulls out. If the journey is made at night the men sleep in blissful disregard of the danger of rolling from

There is little the Constitutionalist soldier worries about at present. There is no vexing routine and even guard mounts are few and far between. Each day represents to him \$1.50 in Constitutionalist currency, or about 30 cents gold. On this amount each man subsists while in the town. While

The murder article deals with the burning of the strikers' tent colony and charges that the tents were fired wilfully and maliciously "by the defendant or persons under his authority in violation of the laws of Colorado. The murder article contains 27 specifications and charges Hamrock with

By R. M. M'CLINTOCK.
DENVER, May 13.—By a vote of 18 to 14 the senate surprised everybody today by adopting the Persons resolution, calling upon the governor to enlarge the call for the legislature that that body might take up all questions concerned with the present strike and

The vote came at the close of an hour and a half of debate, during which two speeches were made that held the attention of the senators and galleries as no other two during the present session. The speakers were the two Robinsons, W. C. of El Paso county, and Helen, Ring of El Paso.

Both were in favor of the Persons resolution and they presented the case so strongly as to win over a reluctant majority.

With the exception of Harela, Republican senators voted solidly against the Persons resolution. They took the position of Senator Cornforth—that the legislature couldn't do anything

Senator W. C. Robinson made two speeches in the Persons resolution. In the first he merely pointed out the "deficiency" of the legislature and the place where it belonged the responsibility for its failure to pass constructive legislation of adopting the resolution and giving the governor an opportunity.

The senator then read a special dispatch in a morning newspaper purporting to represent the president as growing anxious over the apparent disposition to do nothing on the part of the Colorado legislature. "I believe," said the senator, "this dispatch is correct. I believe the statements
